HIGH CONTRAST

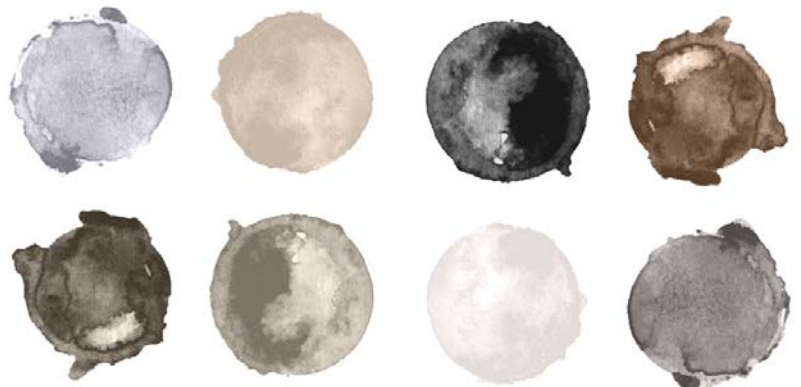

THE SILO COBE Transformation

S

HIGH CONTRAST

A fresh look at contrast design.
It brings a fresh yet timeless
look to a space. Not just a black
and white trend...this is warm
and inviting.

HIGH CONTRAST

Bold, rich hues mixed with creams and whites give a fresh, crisp take to neutrals

COZY

A tall, grey, cylindrical vase with a flared base, containing several stalks of dried pampas grass with feathery, light brown heads and green stems.

A dark grey wicker chair with a curved backrest, featuring two large, rectangular pillows. The top pillow is orange with a white geometric pattern and tassels. The bottom pillow is red with a white geometric pattern and tassels. A grey blanket is draped over the chair.

A small, black, three-legged stool with a flat top. On top of the stool is a book titled 'MODERN DESIGN BY NATURE' and a small, dark, abstract sculpture of a hand.

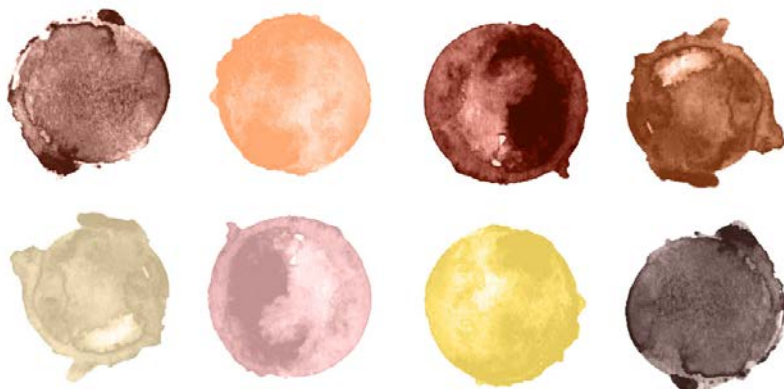

A tall, clear glass candle holder containing a lit candle, and a small, round, woven basket with a red and white striped pattern, containing a small green plant.

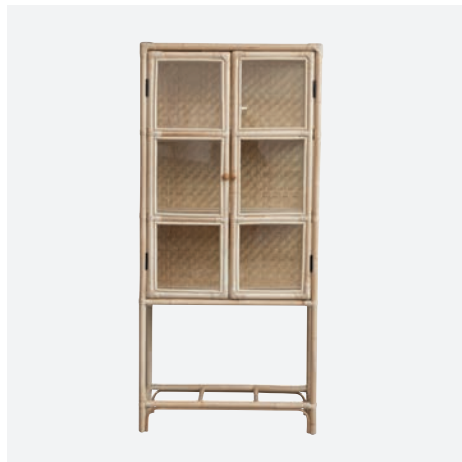

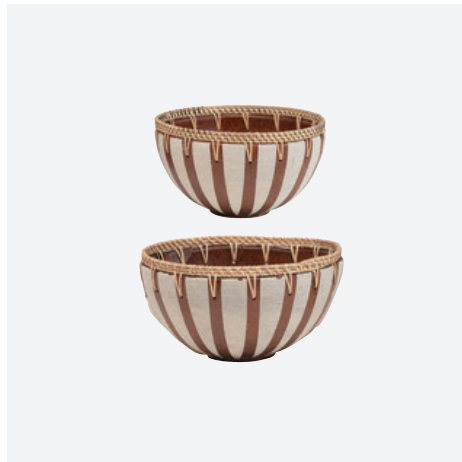

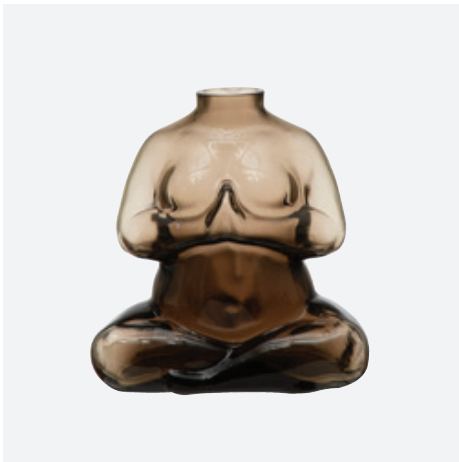

A large, rectangular, woven rug with a light beige background and a dark brown geometric pattern of interlocking squares.

CALM ENERGY

Finding inner peace,
balance, and joy.

COZY

Golden colors make us feel relaxed and give calming energy.
